

How to set-up your Post-16 CEM Assessments (WEB Only Version)

This document will provide guidance to successfully set-up and administer your post-16 CEM Assessments.

We will cover:

- Logging into the Alis/IBE+ Secure website
- Uploading student details
- Edit a student record/ Assign extra time to a student
- Find your cohort assessment Passkey
- Creating your Assessment shortcut
- Checking who has been tested

Logging into the secure website

You will have received your unique username and password for the **Alis/CEM IBE+** website. The Secure site is where schools access their CEM assessments (and also find their feedback reports).

From the CEM website (www.cem.org) and from the **Secure Sites** menu option select either **Alis+** or **CEM IBE+**.

The screenshot shows the top navigation bar of the CEM website. The 'Secure Sites' menu is expanded, showing two columns of options. The left column is titled 'Primary' and includes 'CEM Secure', 'InCAS+', and 'PIPS+'. The right column is titled 'Pre & Post-16' and includes 'Secondary+', 'Alis+', and 'CEM IBE+'.

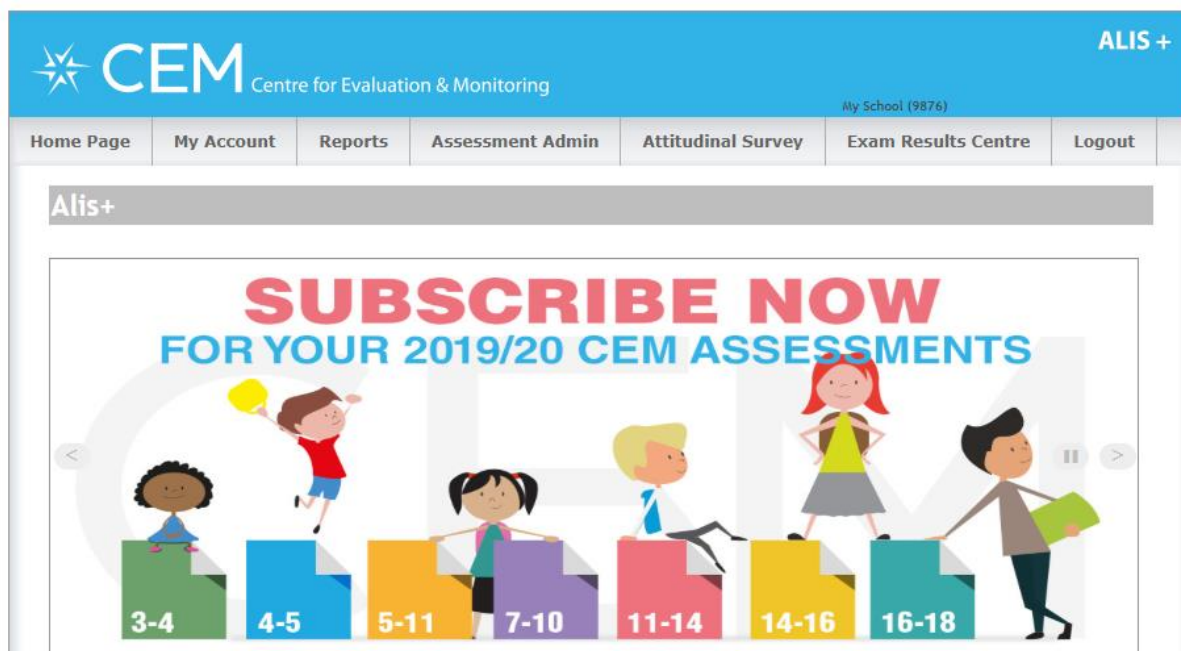

Primary	Pre & Post-16
CEM Secure	Secondary+
InCAS+	Alis+
PIPS+	CEM IBE+

- Enter your school **Username** and **Password** into the relevant text boxes.

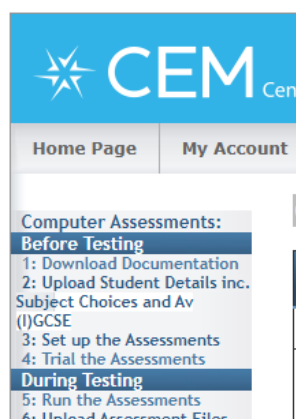

The screenshot shows a 'Login' form with two text input fields: 'User Name' and 'Password'. A 'Log in' button is located at the bottom right of the form.

This is the **Alis/ CEM IBE+ Secure website** for a school.

- From the displayed menu choose **Assessment Admin**.

You will see new menu options on the left had side of the screen, as shown below:

- Select an option from the **Before testing** menu, in the example above we have chosen option 2 **Upload Student Details**.
- **Highlight** the most recent academic year from the options displayed and click **OK**.

Select Assessment

Use the list below to select the assessment that you would like to view.

OK

This is the **Assessment Centre** where you will be able to do everything needed to successfully administer your assessments.

Upload student details

You can upload a list of the students who will be taking the CEM Assessment. This enables a student to choose their own name from a list when the assessment is launched.

- Choose the **Import** option from **Assessment Centre** and then **Select** the year group your details list relates to and click **OK**.

SELECT YEAR GROUP

This facility allows you to upload your candidate details into our system. **Please complete this upload at least 24 hours before you intend to launch the assessment.** Select the year group that the CSV File applies to:

- select -
- Year 7
- Year 8
- Year 9
- Year 10
- Year 11
- Year 12

The details that your file can include are detailed in the table displayed on the resulting page, shown below.

Column Header	Description
* Surname	The surname by which the candidate is usually known
* First name	The first name by which the candidate is usually known
* Gender	M for male candidates or F for female candidates
* DOB	dd/mm/yyyy
Class	The class name can be up to 25 characters
Extra Time	Whether the candidate should have extra time for the test
UPN/student code	UPN (Unique Pupil Number)
MISID	Management Information System Identifier
ULN	Unique Learner Number
UCI	Unique Candidate Identifier
Postcode	Postcode
Ethnicity	Ethnicity
Average GCSE Score 0-9 Scale	Average point score from GCSE using the 9-1 scale
Average GCSE score 0-58 scale	Average GCSE Score 0-58 scale
Attainment 8 for this student	Attainment 8 for this student

You can include subject choices in your post-16 student details file. **It is worth remembering that this information is essential in order to receive individual student subject predictions and chances graphs.** This information can be added and amended manually after testing has been completed but, to save time later, try and include as much information as possible at this stage.

Subject choices can be included as column headers or in-line text, an example of each option is given below:

Subject choices as column headers:

P	Q	R	S	T	U	V
A2;Art	A2;Drama	A2;English	A2;Maths	A2;Geography	IBH;History	A2;History
Y		Y		Y	Y	
Y		Y	Y			Y
	Y	Y	Y			
	Y			Y		Y
	Y			Y		

Subject choices as in-line text:

I	J	K	L	M	N
Subject1	Subject2	Subject3	Subject4	Subject5	Subject6
A2;Art	A2;English Lang	A2;Maths	AS;Maths	AS;English	IBH;French A
A2;Art	A2;English Lang	A2;Maths	A2;D&T Food	AS;Maths	IBH;French A
A2;English Lang	IBH;French A	A2;History			
IBH;French A	IBH;History	IBH;Geography			

When you have created your file (using Excel and saving as a csv file) you can browse to where your file is saved by selecting **Choose file**.

Import Candidate Details for Year 12 CABT

The following steps enable you to import your candidate details, average GCSEs* and subject choices before running the assessment.

Access the Assessment Shortcut and Assessment Passkey

To complete the assessments you will need to access the **Assessment shortcut** and **Passkey**.

- Select the **Carry out Assessments** menu option.
- When selected you will see a similar screenshot to the one shown below.

Carry Out Assessments for CABT

You have purchased a baseline test, which you can use to assess each child once. This baseline test is not designed to be used as a progress measure over time. Please note: For MidYIS/Yellis, testing a child more than once will not overwrite their original test result. In exceptional circumstances such as when a test has to be abandoned schools may contact us at secondary.support@cem.org to have a resit processed

PASS KEY FOR ASSESSMENT

For security reasons a pass key is required to access your assessment and these are listed below. These can be enabled or disabled for each individual year group using the check boxes below.

Assessment	Key	Enabled
CABT 2021 Year 7	LJ	<input checked="" type="checkbox"/>
CABT 2021 Year 8	LK	<input checked="" type="checkbox"/>
CABT 2021 Year 9	LL	<input checked="" type="checkbox"/>

CABT 2021 Year 11	LN	<input checked="" type="checkbox"/>
CABT 2021 Year 12	LP	<input checked="" type="checkbox"/>

This web address and pass key combination is unique to your school. Please treat these details as confidential and do not make them available to those outside of your school.

- The Passkey for each assessment cohort you have opted to take will be displayed in the **Key** column. **Remember the passkey is unique to your school but is the same for each student in the cohort.**

Choose the version of the assessment you will be taking

There are 3 versions of the assessment:

- Non-Web Version
- Dual Version
- Web-Only Version

In this guide we will show the **Web-Only-Version** process.

- Click on the **arrow** in the Web-Only box.

RETAKE AN ASSESSMENT

WEB-ONLY VERSION

This version of the software should only be used by schools who have a high speed wired internet connection.

ASSESSMENT SHORTCUT

 Click here to download the assessment shortcut.

Or _____

Copy and paste the text below into a shortcut.

<https://assessments.cem.org/cabt/GetSessionID.aspx?reg>

For security reasons a pass key is required to access your assessment. The pass key can be found on the 'carry out assessments' page.

- The **shortcut** will appear in the bottom left corner of your Chrome browser. This can then be saved somewhere on your school system, in a location where the students can access it.

 Link (10).html

You can also create a desktop shortcut this way:

- **Highlight** the shortcut text displayed beneath the **Click Here** link and **Copy**.

[Click here](#) to download the assessment shortcut.

Or

Copy and paste the text below into a shortcut.

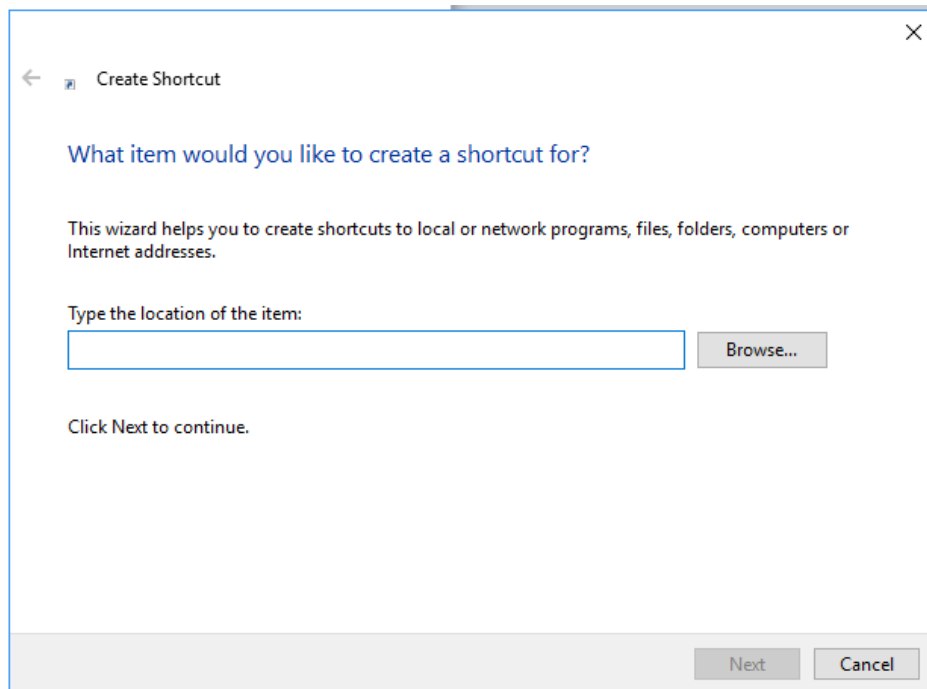

<https://assessments.cem.org/cabt/GetSessionID.aspx?reg>

For security reasons a pass key is required to access your asses

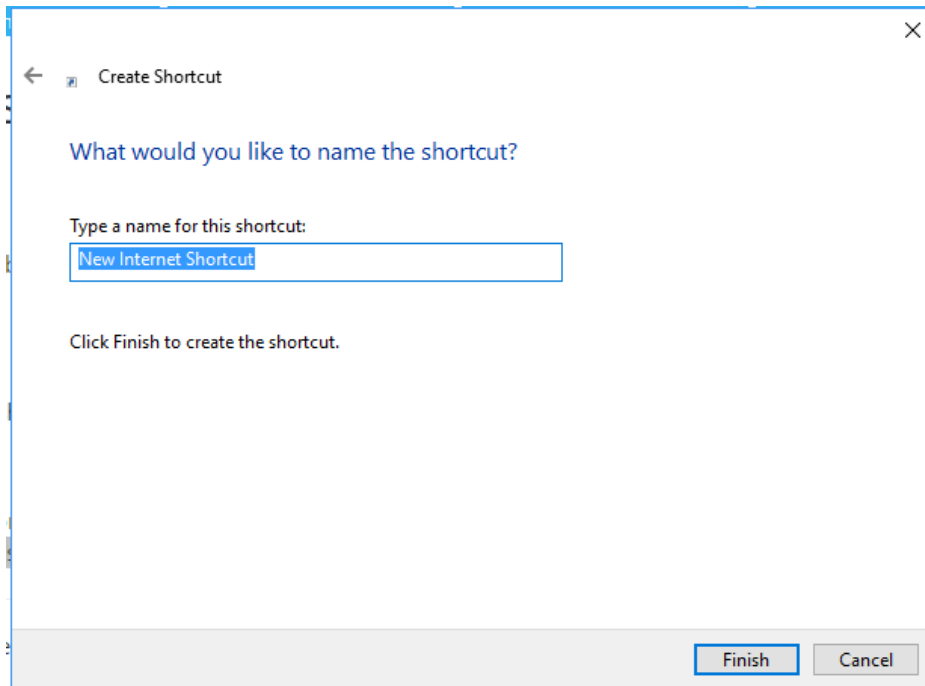

- Go to your computer desktop and right click your mouse and select **New** then **Shortcut**.

- **Paste** the copied shortcut text into the location text box

- **Rename** your assessment link (I have renamed my example test link to CABT 2022)

- My test link now looks like this on my computer desktop.

NOTE: the assessment link will be the same for all Pre and Post-16 CEM assessments your school may be taking.

The Passkey will determine the assessment a student is presented with, so it is very important that a student enters the correct cohort Passkey when they launch the assessment.

The Passkey is unique to the year group but is the same for each student in the cohort.

Testing students

When students come to take the assessment they will be required to do the following:

- The student will select the **Assessment link**
- They will enter the relevant Assessment **Passkey** (if your school are taking CEM Assessments with different cohorts make sure the correct cohort Passkey is used)
- The assessment will start
- If student details have been loaded prior to testing the student will **choose** their name from the displayed list. If their name is not displayed then they can click '**Add Name**'
- The student will follow the **on-screen** instructions and **complete** the test
- When the assessment is completed the student will see an on-screen message to say the test has been **completed** and their results **returned to CEM**
- The internet browser can then be closed

What if something goes wrong?

Using the fully online version there is always the risk that an internet connection may be broken. This may result in the automatic transfer of a student's test responses file being unable to be transferred to CEM when the test is completed.

If this happens a message will be displayed on screen to say that the transfer of the completed assessment file has failed.

Don't worry the results can be returned to us manually.

You will be prompted to save the results file somewhere on your computer. We would recommend saving the file to your computer desktop or documents folder, and rename it as the name of the student.

This can then be returned using the **Return Results** menu option from Assessment Centre. Simply click **Choose File** and browse to where your file is saved and click **Upload**.

Return Results

This page should be used to return your assessment data for the Non-Web Version of the assessment software or where the web connection failed during automatic return of data (Instructions on how to create the file for upload can be found in the FAQ section).

Checking who has been tested
